First Northern Community Bancorp – First Quarter Earnings Report
Earnings Momentum Continues

Dixon, Calif. — First Northern Community Bancorp (the “Company,” ticker symbol FNRN: OTCQB), holding company for First Northern Bank (“First Northern” or the “Bank”), today announced earnings through the first quarter of 2013. Louise Walker, President and Chief Executive Officer, stated, “The Company reported year-to-date net income as of March 31, 2013 of \$1.4 million, up 27.3% compared to net income of \$1.1 million reported for the same fiscal period last year.” Net income available to common shareholders totaled \$1.2 million as of March 31, 2013 up 50.0% compared to net income available to common shareholders at March 31, 2012 totaling \$0.8 million. Diluted earnings per share for the three months ended March 31, 2013 was \$0.12, up 33.3% compared to diluted earnings per share of \$0.09 reported for the same fiscal period a year ago.

Total assets at March 31, 2013 were \$852.6 million, an increase of \$59.1 million, or 7.5%, compared to the same period in 2012. Total deposits of \$761.7 million increased \$71.5 million, or 10.4%, compared to March 31, 2012 figures. During that same period, total net loans (including loans held-for-sale) increased \$24.0 million, or 5.7%, to \$443.5 million. Total risk-based capital was 16.35%, far exceeding the “well-capitalized” threshold of 10%.

Commenting on the Company’s financial results, Walker stated, “With our vastly improved asset quality, our earnings momentum continues from our sound financial services operation. We have built a strong balance sheet that provides us a platform from which we can leverage the progress we’ve made. We have prudently managed our concentration of long-term fixed rate loans and investments to minimize the risk associated with the eventual rise in interest rates, we have excess liquidity, and our capital base is among the strongest in the industry.”
