Commenting on the Company's financial results, Walker stated, "We are once again very pleased with the important progress we are making in growing our deposits and loans. We are proud of our exceptional year-to-date loan growth. As a result, we exceeded the specified loan growth targets set forth within the Small Business Lending Fund Participation Agreement, thereby reducing the dividend rate the Bank pays to the U.S. Treasury Department from 5% to 1% on the remaining \$12.8 million in capital and fulfilling the mission of increasing small

business lending in our communities. In addition, as further evidence of our commitment to growing small business lending, according to the most recent data provided by the Federal Financial Institutions Examination Council data on small business lending, First Northern Bank is one of the leading small business lenders in our region. In the four county region of Sacramento, Placer, Yolo and El Dorado, First Northern Bank was the fourth largest lender in 2012 with small business loans totaling \$76 million and was the second largest lender in Solano County in 2012 with small business loans totaling \$21 million."
